

for all your Cargo needs

A complete portfolio

Heavy Equipment and Project Cargo

Specialized in the handling, movement, and transportation of cranes, bobcats, tractors, excavators, and other kind of heavy-duty vehicles. We have taken part in the movement of equipment of major projects such as the Panama Canal construction. Depending on the type of vehicle, we offer several options to our clients, being efficient and competitive in our sector.

Small Packages

GCA is an authorized wholesaler for the most known courier companies in the USA such as FedEx, DHL and UPS. GCA combines the shipment volume of our customers to get exceptional discounts that are shared with our clients. The great rates and excellent on-time delivery performance of our partners, along with the local customer service offered by GCA, have convinced many to switch with no regrets.

Warehousing

Located on a 45,000 sq. ft. Bonded CFS facility, GCA is able to load and unload up to 8 containers at the same time, to receive and store merchandise, and to perform on-forwarding of imported consignments that have not yet cleared US customs. Other services such as storage, marking, labeling and packaging, distribution and consolidations are provided by GCA.

Customs Brokerage

Customs issues? Based on our experience and counting on our professional staff, we can help you with almost any customs clearance process you need, reaching most of the ports and airports within the United States. We can also help you with international customs processes through different partner brokers throughout the world.

Comitted to excellence

and Customer satisfaction

Our Company

GCA Global Cargo Alliance, a leading freight forwarder in the logistics market established in 2001, is a customer-dedicated company that delivers premium service at very competitive prices. With headquarters in Miami, FL, GCA represents the best shipping solution for your business.

GCA is an NVOCC and OTI, which does not only offer a well maintained know-how in the logistics operations, but also a professional staff qualified enough to assure an appropriate handling of your cargo in Air, Ocean Ground and Courier transportation. GCA's involvement in various international trade networks links us to many service providers throughout the globe, reinforcing our drive to provide transnational, end-to-end logistics solutions to our customers.

Your Shipping Solution

Air

Air transportation is an innovative industry that drives economic and social progress. It connects people, countries, and cultures. It also provides access to global markets and generates trade in the fastest way. GCA is aware of this, and therefore has a team dedicated to provide quick, punctual, and reliable domestic and international shipping solutions for your air shipments. We cover major world markets, have vast experience in air cargo, and a proven commitment to quality, safety, and customer service.

GCA offers cargo consolidation; handling of hazardous material; cargo insurance and export documentation.

Ground

GCA offers competitive shipping within the USA, Canada, and Mexico. GCA has agreements with carriers who comply with quality service and competitive prices. Our goal is to reduce your inland costs and to give you the best customer service from pickup to delivery. Let us handle your inland shipments while you concentrate on your business!!!

With vast experience in ground shipping, GCA is capable of moving any type of merchandise from cranes, tractors, excavators, heavy - duty vehicles to cars, pallets, crates or boxes over 150 lbs.

Ocean

Ocean transportation is the best way to ship commercial cargo for less strict schedules with low costs. GCA offers multi-modal shipping and global tracking, providing services to and from the USA to more than 500 ports around the world.

Some of the services that we provide include: full container, less than full container, break bulk cargo and Roll-on / Roll-off, warehousing and full intermodal Door to Door service as well as documentation, customs formalities, and cargo insurance. GCA is a bonded Non-Vessel Operating Common Carrier (NVOCC) and Ocean Transportation Intermediary (OTI) corporation regulated by the Federal Maritime Commission.

Our Advantages

Great competitive rates to our clients, as a result of different contracts signed with the most known airlines.

Committed to give to our clients the best option in terms of price, quality and service, saving them time and money by analyzing all possible shipping options through our carriers.

24/7 real time access to your cargo status, whether it is in our warehouse or it has already departed, including detailed information and photos of the cargo.

TSA approved, ensuring the shipping of your cargo with the highest quality and safety standards.

gcargo.com

Our Difference

Vast experience in moving commercial products and understanding end-user needs in terms of urgency, security, and price-competitiveness.

Pickup and delivery services in most common areas in the USA, Canada, and Mexico, having a portfolio of the most known carriers from the ground industry. No matter where you want to ship, we can deliver your cargo!

Personalized customer service, daily status update from pickup to delivery.

GCA's ground department also offers additional services such as insurance, warehousing and much more...becoming an adviser of your shipping needs.

Our Benefits

Personalized customer service. Our customer service and strategic solutions are extensive and customized to meet our customers' needs. You will always receive an answer from us.

Our services contracts with various carriers will assure you the best transit times and rates.

You won't have to worry about the logistic of your cargo – our experience and excellent rates can support that. Your cargo will be in best hands.

Special handling is never a problem. Heavy machinery, oversized, door pickups, vehicles, hazmat concerns, AES filing, customs clearance at your destination. We can do it all.
